1893 THE SILVER

The silver wing of the Republi can State Convention unanimously adopted the linwing platform: The convention enderses and adopts the platform of the Republicas State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the admini-tration of President Harrison, insofar as they have failed to ac emplish the complete remone ization of silver, and to ena t laws providing for the free and unrestricted coinage of that metal.

Reso ved, That the restoration of silver to the place it occupied previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of eliver bullion the right to have the same coined into money upon the some terms and conditions which a; ply to the c inage of gold, reduced the money of ultimate rehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of

Resolved, That the people or Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited e image of silver.

In view of the unsati-factory attitude of President Harrison to the paramount issue of the remonetization of silver, t is convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no au-CARSON HAY YARD, thority to put in nomination elec-

The Convention cordially endorses the vigo ous efforts of our Senators and Representatives to secure the free and unlimited coin. age of silver, and the educational work that they have done in presenting the true is ue between the money powers and the bondholders and laborers and producers of

wealth And we fav r the continuation of agitation and contention for the fee and u mited coinage of silver at the present ratio of 16 to 1, for their own benefit and for the benefit of the people at large miners, farmers, laborers and mechanies.

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party afiliations, in convention assembled, do set f rth the following declaration of principles:

First. We demand the full remonetization of eilver and the free and unlimited coinage thereof, at the present ratio of 16 to 1.

Second. We are radically and unal erably opposed to the Nationa) Republican and Domocratic parties on the question of the tree coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining at tes and territories, and we therefore repuliate the nominees of their convention.

Third. We ple ge the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in tovor of free coinage as defined by this convention. We reseave to the silver leagues of Nevada, i.: Convention as embled, the right of directing said Presidential electors for about to cast their votes, should confidencies GEO.
